Jeeves Recommended Read.... Purple Cow, Seth Godin

In 2002, Seth Godin asked a simple question that turned the business world upside down: What do Starbucks and JetBlue and Apple and Dutch Boy and Hard Candy have that other companies don't? How did they confound critics and achieve spectacular growth, leaving behind formerly tried-and-true brands?

Cows, after you've seen one or two or ten, are boring. A Purple Cow, though . . . now that would be something. Godin defines a Purple Cow as anything phenomenal, counterintuitive, exciting . . . remarkable. Every day, consumers ignore a lot of brown cows, but you can bet they won't ignore a Purple Cow. You can't paint your product or service purple after the fact. You have to be inherently purple or no one will talk about you. Godin urges you to emulate companies that are consistently remarkable in everything they do, which drives explosive word of mouth.

Jeeves Recommended Read.... To Raise Happy Kids, Put Your Marriage First by David Code

Addressing a common, destructive pattern in marriages, this guide helps couples reduce the distance in their marriage, thereby reducing the emotional baggage projected onto the children. When a marriage drifts apart, spouses tend to drift toward their children, creating an emotional burden that causes children to act out. Making children the centre of family lives seems child friendly but it creates demanding, entitled children and starves the marriage of intimacy .

LIFESTYLE MANAGEMENT FOR HIGH PROFILE & PROFESSIONAL MEMBERS:
LETTING US TAKE OVER THE THINGS THAT YOU DO NOT HAVE THE TIME, ENERGY, EXPERTISE OR INCLINATION TO DO YOURSELF.

Join Us for Lifestyle Freedom!

Q: WHY IS LIFESTYLE MANAGEMENT USEFUL OR NECESSARY?

A: Lifestyle management is particularly useful if you have a very high profile, have relocated, have significant work commitments, travel a great deal or have multiple properties. We also provide trusted solutions for elderly relatives, recuperating clients & new mothers.

FOR IMPROVING HEALTH

One of the things we hear most is how much better clients feel when they off load their list of requirements to us. Having someone take care of chores and projects is proven to alleviate stress and provide more time for clients to spend as they want to. We even offer private coaching and mentoring for all ages!

FOR FREEING TIME

Time pressures are increasing for us all and we often end up spinning several plates whilst feeling guilty – Jeeves stops that and allows you to concentrate on whatever you want to whether that's more family time, more clarity and time for work, sporting activities or simply a little bit of 'YOU' time.

FOR SAVING MONEY

We can negotiate improved deals with suppliers on our clients behalf, give a range of competitive quotes for major projects and research suitable solutions or prepare a full business report – whatever is needed to meet your requirements
