Shed some light

www.cableandcotton.co.uk is

the new way of adding light and features to walls, vases and where ever takes your fancy! Sophisticated spaces can be transformed by the novel lighting concept as well as transforming your child's bedroom !

You choose from 35 colours of hand made light balls on their fabulous website—to fit on to a transparent light cable of either 20 or 35 balls (your choice). The cotton and cable system arrives beautifully packaged for a treat for you or a friend. It takes a couple of minutes to assemble and the best bit is that you can choose your own order to put the different colours in, so it really is your own design!

The Jeeves Team love something a little different!

"Jeeves - my man, you know - is really a most extraordinary chap. So capable. Honestly, I shouldn't know what to do without him..."

Heavenly Health and Happiness is Important

Here's a simple question: what makes you smile?

It may seem like a silly thing to ask but we don't spend enough time making ourselves feel good. We might pop to the hairdressers or have a manicure—but what about the stress in your life?

We love helping clients relax by taking away the stresses and strains of chores by looking after them through Lifestyle Management. I can even arrange for them to have a fabulous LIA Therapy Treatment by Heaven Health & Beauty. Deborah Mitchell is someone I have known for many years and trust her and her organic products implicitly. But don't take my word for it! Dannii Minogue no longer uses Botox thanks to Deborah! Victoria Beckham also has Deborah to thank for transforming her skin. If you want to try the Bee Venom Mask used by Dannii and Kylie, let me know! If you fancy trying the treatments at home or in the salon as Jeeves members then let me know.

Jeeves Recommended Read.... The Goddess Experience by Gisele Scanlon
More than 1000 valuable tips that anyone can afford, to bring a little Goddess magic into your life. 'A divine guide to all the good things in life with delicious recipes, fashion advice, top travel destinations and inspirational ideas, any goddess would be mad not to keep a copy by her bed.'

Jeeves Recommended Read.... To Raise Happy Kids, Put Your Marriage First by David Code
Addressing a common, destructive pattern in marriages, this guide helps couples reduce the distance in their marriage, thereby reducing the emotional baggage projected onto the children. When a marriage drifts apart, spouses tend to drift toward their children, creating an emotional burden that causes children to act out. Making children the centre of family lives seems child friendly but it creates demanding, entitled children and starves the marriage of intimacy .

Q: WHY IS LIFESTYLE MANAGEMENT USEFUL OR NECESSARY?

A: Lifestyle management is particularly useful if you have a very high profile, have relocated, have significant work commitments, travel a great deal or have multiple properties. We also provide trusted solutions for elderly relatives, recuperating clients or new mothers.

FOR IMPROVING HEALTH

One of the things we hear most is how much better clients feel when they off load their list of requirements to us. Having someone take care of chores and projects is proven to alleviate stress and provide more time for clients to spend as they want to.

FOR FREEING TIME

Time pressures are increasing for us all and we often end up spinning several plates whilst feeling guilty – Jeeves stops that and allows you to concentrate on whatever you want to whether that's more family time, more clarity and time for work, sporting activities or simply a little bit of 'YOU' time.

FOR SAVING MONEY

We can negotiate improved deals with suppliers on our clients behalf, give a range of competitive quotes for major projects and research suitable solutions to prepare a full business report – whatever is needed to meet your requirements

ORGANISATION SUPPORT

...AND ORGANISATIONS NEED SUPPORT TOO

Lifestyle management crosses into all aspects of life so of course that includes the workplace – whether you run an SME, large corporate firm, family owned business, school or university, hospital, care homes or the professional services. We can create a full 360 review to consider how best to help and even create a planned preventative maintenance plan.

MAGICAL MALDIVES

COSMOS

OVERVIEW

Comprising 1,190 coral islands grouped in 26 atolls like emerald gem stones in a sea of turquoise, the Maldives is the paradise you've always dreamed of. Only about 200 of these islands are inhabited by Maldivians; the rest are so-called 'uninhabited' islands, some of which house the country's 94 tourist resorts, while others are used for fishing and agriculture. The capital, Malé, is the seat of government and centre of trade, business, commerce, health care and education. It's situated in the middle of the fascinating atoll formation.

PACKAGES
